DYLAN AUMIS

I wish to gain experience in your company while continuing and deepening my training in the digital field, particularly in network architecture and cloud computing.

AREAS OF EXPERTISE

- I have a foundational knowledge of the functioning of various operating systems, the equipment, and protocols used to create or manage a network.

- I also have experience in deploying machines thanks to my initial training at École 42 and through personal projects.

- I possess solid foundations in programming languages such as C, C++, and JavaScript.

- I have collaborated with different teams in English to ensure a smooth workflow within my team.

PROFESSIONAL EXPERIENCES

IT TECHNICIAN
MINISTERE DE LA CULTURE | MARCH 2022 - JULY 2022
